## Description

Create smarter. Browse your way.

Gram AI Helper is a macOS companion designed for creators who want useful content-creation tools and more control over their social browsing experience.

Customize the interface by hiding distracting sections, prepare engaging captions, create beautiful collages, split images for carousel-style posts, and generate ideas and scripts for short-form videos — all from one convenient Mac app.

### - Customize Your Experience

Choose which interface elements you want to see. Hide sections such as Reels, Messages, Explore, Notifications, suggested content, side columns, floating buttons, and more to create a cleaner workspace that suits you.

### - Collage Maker

Combine your favorite photos into polished collages ready for sharing.

- AI Caption Writer

Generate caption ideas for posts based on your topic, tone, or creative direction.

- Carousel Splitter

Split larger images into multiple panels for seamless carousel-style content.

- Reels Script Writer

Create structured scripts, hooks, talking points, and content ideas for short-form videos.

Gram AI Helper is designed to make everyday content creation faster while giving you more control over how you use social platforms on your Mac.
